

# BRITAIN TO RESIST AGGRESSION

## ANOTHER POWERFUL POLITICIAN BEEN INDICTED LOUISIANA

ABRAHAM L. SHUSHAN, FORMER ASSOCIATE OF HUEY LONG, NAMED IN BILL

NEW ORLEANS, Aug. 21.—(P)—Abraham L. Shushan, powerful Louisiana politician and former close associate of Huey P. Long, was indicted by the federal grand jury here today along with four other persons on charges of using the mails to defraud in a questioned Orleans levee board refunding transaction in which he allegedly received \$132,740.

Named with the 300-pound former president of the levee board were Robert J. Newman and Marvin T. Harris, Jr., members of the prominent investment firm of Newman, Harris and Company; Herbert W. Waguespack, member of the levee board at the time of the transaction; and Henry J. Miller, an accountant, all of whom allegedly shared in the \$498,000 fee paid in the refunding.

Two other indictments were handed down today, one naming State Senator Clarence A. Lorio, prominent Baton Rouge politician and former aide to Huey P. Long, and the other Dr. James Monroe Smith, former head of Louisiana State University. Lorio was charged with using the mails to defraud, Smith with income tax evasion.

Newman, Harris and Company is one of the largest investment firms in the South.

The indictment alleges the fraud grew out of an arrangement whereby the firm would receive 25 per cent on all savings effected through refunding operations in 1938 and 1937.

The government alleged Waguespack, as a member of the board, "urged and influenced other members of the board" from which Shushan had been a \$2,000,000 saving, whereas actually the saving amounted only to \$729,000.

## WORST FLOOD IN HISTORY TIENTSIN THREATENING CITY

TIENTSIN, Aug. 21.—(P)—The toll death and property destruction leaped today as the worst flood in Tientsin's history submerged much of the city under constantly deepening water.

With the flood crest believed at least a day away, the overflow of the swollen Hai river and other streams put the city's electrical facilities out of commission and isolated it part of the time.

An all-night rise in the flood level inundated the area remaining dry spots in the British concession.

Except for a slight increase in milk supplies—the result of herds being driven to shallower water within the British concession—the food situation was acute.

As flood waters within the concession reached an average depth of nine feet over most of the area, British authorities commandeered all small boats, and officers were assigned to transporting food and exhausted victims of whatever race to hospitals or improvised refuges.

President Watched Drills. ABOARD THE U. S. S. LANG, Aug. 21.—(P)—President Roosevelt, vacationing on the cruiser Tuscarora, watched his ship engage in a miniature battle with this destroyer this morning.

The two ships were cruising abreast 18,000 yards apart at 2 p. m. when a general alarm sent the crews scurrying to their stations for elementary gunnery drills.

Asks \$50,000

A suit for \$50,000 against Clarence Stroud, one of the Stroud twins of screen and radio, was filed in Los Angeles by Meredith B. Davis, blond actress, above, who charged breach of promise and seduction. In addition to the \$50,000, Miss Davis asked \$1,000 for medical care and support for her child expected to be born in December.

## ILLINOIS OFFICIAL RESENTS EFFORTS TO CUT OIL PRODUCTION

CLAIMS RESTRICTIVE EFFORTS IN INTEREST LARGE AND FOREIGN CONCERNS

SPRINGFIELD, Ill., Aug. 21.—(P)—Senator John L. Steele today denounced the attempt to coerce Illinois into passing restrictive oil legislation to protect "foreign interests."

The lieutenant governor referred in a statement to crude oil price cutting and the closing of wells in six southwestern states which was accompanied by criticism of Illinois producers.

Steele's statement said in part: "I have repeatedly endorsed true conservation of our natural resources, but on the other hand, I am unalterably opposed to the passage of any legislation which has as its purpose and will in effect retard or hamper the development and operation of the oil industry in Illinois."

"x x x I resent the apparent attempt to coerce Illinois into acceding to the demand of large and foreign interests to pass legislation designed to protect those interests, at the expense of our people."

"As of the week ending August 12, the state of Oklahoma produced more than 400,000 barrels of oil daily, and the state of Texas x x x more than 1,360,000 barrels of oil daily. During this same period."

See ILLINOIS OIL, Page 2

## PRISONERS SLUGGED BROWNWOOD JAILER AND MADE ESCAPE

BROWNWOOD, Aug. 21.—(P)—Attacking Jailer A. P. Taylor when he brought them their breakfast, two prisoners in the Brown county jail slugged him, took his keys and escaped in an automobile here today.

The prisoners were Tom Mullins, held on a forgery charge, and A. C. Bell, under a 10-year sentence for burglary. Both men were from Brownwood.

Mullins and Bell stole an automobile belonging to Tom Folkes of Brownwood. It had been left near the jail.

Several other prisoners in the same cell block refused to flee. Taylor was slugged with his own blackjack. His injuries were not serious.

## PROSECUTOR CLAIMS AN AIRTIGHT CASE AGAINST OKLAHOMAN

JOHN O. STORY CHARGED WITH MURDERING ONE OF HIS FOUR WIVES

DURANT, Okla., Aug. 21.—(P)—County Attorney Bill Steger asserted today he had an "air-tight case" against John O. Story, 60, charged with murdering one of his four wives.

But, after 10 hours of steady drilling, the airtight soap peddler held to his statement the death of his third spouse in a burning smokehouse last Aug. 23 was "just an accident."

Story was arrested at DeQueen, Ark., after neighborhood discussions had called to the attention of authorities three other tragic "accidental" deaths in his family. A son, Joe, 15, died in a hunting accident near DeQueen last June; another, Frank, 10, drowned March 8, 1937, while fishing near Gainesville, Tex., and a third, Charley, was killed by a train at Peoria, Ill., 20 years ago.

Steger said Story collected more than \$1,000 insurance on each of his son's deaths and \$2,460 on his third wife's death.

After neighbors had tried unsuccessfully to open a stuck door and free the third Mrs. Story from the flaming smokehouse, her husband appeared and said he believed a latch had caught when the victim entered the structure. A verdict of accidental death was returned by the coroner.

Steger said Story had had four accidents, collecting on two of them, and "has owned homes in every town in which he has lived and had fires covered by insurance."

## DEPARTMENT HEADS OF CORSICANA FAIR WILL MEET TUESDAY

LIVESTOCK AND AGRICULTURAL SHOW DATES SET FOR OCT. 3-7

With the second season of the Corsicana Livestock and Agricultural Show dates, Oct. 3-7, just six weeks away, officials are almost daily increasing the tempo for preparations for the enlarged exhibit planned for 1939.

A meeting of all department chairmen has been called for the offices of the Corsicana Chamber of Commerce at 10 a. m. Tuesday to begin the final arrangements for the approaching exposition.

The following department heads are expected to attend: General manager of exhibits placements, County Agent H. C. Robinson; general agricultural exhibits, Assistant County Agent A. P. Bralney; beef cattle, Dr. J. P. McKinney; dairy cattle, Charles Williams; poultry, ticket takers, T. L. Carls; commercial exhibits, Fred V. Blucher; parade, Major John J. Garner; rodeo, W. E. McElroy; fine arts department, Mrs. J. V. Nobles; negro department, Jess J. Hamilton, director.

Several hundred of the catalogs containing rules, regulations and premium lists have been mailed out recently to stockholders and to prospective exhibitors. In the foreword from the Fair Association which officials say is the policy of the organization: "The real test as to the value of a fair is whether or not it will materially aid farmers and livestock men to improve their methods and increase their income."

The board of directors of the Fair Association are unchanged from last season and include J. N. Edens, R. L. Wheelock, Fred M. Allison, J. M. Dyer, Jr., A. V. Mitchell, W. E. McKinney, W. C. Stroube, Lowry Martin.

Office of the Association include J. N. Edens, president; Fred M. Allison, first vice president; W. C. Stroube, second vice president; J. M. Dyer, secretary-treasurer; R. W. Knight, manager.

## NORTHWEST FORESTS ARE CLOSED WHILE FLAMES ARE FOUGHT

ALL AVAILABLE MANPOWER TAXED TO BATTLE MANY FOREST FIRES THERE

SEATTLE, Aug. 21.—(P)—British Columbia and Washington forests were closed today as Pacific Northwest forest fire fighters continued a battle against multiple blazes that taxed available manpower.

The British Columbia order closed the forests to everyone—loggers, miners, trappers and vacationists; but in Washington, the order affected only logging in the western part of the state.

These measures were taken as California controlled its dangerous blazes; and Oregon, the heaviest loser of the four commonwealths so far, found new hope in rising humidity. A plan to close Oregon forests was held in abeyance due to improved weather.

Idaho fires no longer threatened inhabited communities, and though at least one still burned out of control.

Washington's fire menace centered near the newly-created Olympic National Park, where a revived blaze at Deep Creek resisted efforts of 500 men and ate into the park timber after sweeping over old slashings. It was burning toward the tiny town of Sappho in the extreme northwest corner of the United States.

Another 100 men fought a small but vicious blaze that had already destroyed one logging camp near Bellingham and near virgin timber in the Mt. Baker area.

Eastern Washington fires were well enough controlled to allow release of 20,000 pounds of fire fighting equipment and various forest experts for Western Washington and Oregon duty.

Four major fires in the Nelson, B. C. district required services of all available men.

## IOWA FARMER, WITH CANCER SPREADING THROUGH PANCREAS, MAY SUBMIT TO 'FROZEN SLEEP'

PHILADELPHIA, Aug. 21.—(P)—A man with cancer spreading slowly through his pancreas submitted to a series of tests at Temple University Hospital today to determine his fitness to become medical science's regular patient No. 1 for the "frozen sleep" cancer treatment.

The man, Max Harlan, 42-year-old Stock Port, Ia., farmer, entered the hospital yesterday. If blood, X-ray and physical examinations show he is qualified, the treatment—which involves lowering the normal body temperature of 98.6 degrees to 85 or 90—may begin tomorrow.

The unusual method was developed by two Temple physicians, Dr. Temple Fay and Lawrence W. Smith, who reported favorable results in skin cancer cases for the first time last May. Little is known of its effect on internal cases.

The patient is put to sleep with a mild anesthetic and chilled ice packed closely around his body to induce a state of suspended animation. Breathing slackens, he requires no food and his natural eliminative functions cease.

For four or five days he remains in a cold, dreamless sleep. Then he is awakened with a warm drink which restores normal bodily functions.

The physicians hope this refrigerative process will check the growth of cancerous tissue in Harlan's body and possibly destroy it. Dr. Fay and Dr. Smith said in the current Journal of the American Medical Association that "healing was stimulated by the 'refrigeration' and that patients have 'rotten rid' of ulcerative lesions 'in some of these cases.'"

## STATEMENTS ARE TAKEN FROM YOUTHS IN FATAL AFFRAY

KIDNAPINGS, KILLINGS, ROBBERIES REPORTED ADMITTED BY OFFICERS

ENID, Okla., Aug. 21.—(P)—Lee Bowen, 20-year-old Enid youth, dictated a statement from a hospital bed today. Sheriff David Branson said in which he confessed the slaying of Night Watchman August G. Nowka in a Tuttle cafe last night.

The sheriff said Bowen also admitted participation in a kidnaping and two robberies here last Friday night but did not mention filling station robberies at Chickasha and Minco in which he and a companion were being sought for questioning at the time of the shooting at Tuttle.

Bowen and Hugh Douglas, 19, of Tuttle, were shot and captured north of here near the Kansas line today by three officers. Physicians reported both in critical condition.

Douglas also dictated a statement, Branson related, in which he admitted being present during the Tuttle cafe shooting, but denied he fired any of the shot which killed Nowka and wounded City Marshal L. C. Force.

Bowen's confession, Branson said, gave the following account of his week and activities:

Accompanied by Douglas he kidnaped J. T. Clark of Enid, drove him in his own automobile to a place outside the city, and put him out after taking a small amount of cash.

He and Douglas then drove back to Enid, went to the home of Howard Cole, held him up and took \$40 in cash, \$500 in travel checks and some jewelry.

Douglas denied in his statement, the sheriff said, that he was with Bowen during the Enid robberies.

Bowen disclosed he accidentally shot Douglas twice at the Tuttle cafe, once in the back and once in the side, Branson said. After the shooting, he said, they returned to Tuttle.

See CRIME STORY, Page 2

## SUICIDE OF SHAW IS SEVERE BLOW TO U. S. PROBE IN LOUISIANA

KEY GOVERNMENT WITNESS IN PRESENT STATE SCANDAL FOUND SHOT IN HOME

NEW ORLEANS, Aug. 21.—(P)—The suicide of Dr. J. A. Shaw, key government witness and keeper of Louisiana's oil industry secrets for a decade, today gravely complicated the federal investigation of tangled state affairs, but government prosecutors promised no letup.

Further indictments were in fact, expected today to add more names of highly placed politicians to those already charged in the drastic drive which has rocked the foundations of the old Huey P. Long political machine.

Shaw, director of the mineral division of the Louisiana conservation department and titular "czar" of the state's oil industry, was found fatally wounded at his home here last night. A revolver lay nearby. He died on the operating table 45 minutes later. Coroner C. Greenes Cole said it was suicide.

Quickly altering plans, federal attorneys began redrafting documents for the federal grand jury.

The prosecutors said Shaw's absence as a witness made the case much more difficult but would not alter prosecution of former Gov. Richard W. Leche and hotel owner Seymour Weiss, potent Long heirs, who are charged with Freeman W. Burford, Texas oil millionaire, in an alleged conspiracy to violate the Connally "hot oil" act, which prohibits interstate shipment of illegally produced oil.

Forced to Sign Orders. Only last Thursday Shaw testified in federal court at Dallas, Tex., that he was forced by higher-ups to sign the order by which production of 13 Rodas field wells was stepped up. The government contends Leche and Weiss split a ten cent per barrel commission on this oil in an arrangement with Burford which eventually netted the two \$37,000 each.

"That is the only way I could hold my job—do what I was told," Shaw testified.

Shaw's testimony cannot be taken in the Leche-Weiss trial, prosecution attorneys said, because Shaw was not cross-examined. At the hearing, the government sought unsuccessfully to remove Burford to New Orleans.

Shaw's status as a jobholder at the time of his death was in doubt. He told Judge T. W. Davidson at Dallas he still held his position at Tuttle.

## CORSICANA PUBLIC SCHOOLS WILL OPEN NEW TERM SEPT. 11

CALENDAR AS ARRANGED CALLS FOR THANKSGIVING DAY ON NOVEMBER 30

Classes in the Corsicana public schools for the 1939-40 fall term will begin Monday, Sept. 11, according to the school calendar recently adopted by the board of education and announced today by Superintendent W. H. Norwood.

The fall term will close Friday, Jan. 26, 1940, and the spring term will begin the following Monday, Jan. 29, 1940. The school year will close Friday, May 31, 1940.

Following is the school calendar:

Monday, Sept. 11, 1939, classes begin.

Tuesday, Oct. 3, 1939, County Fair Day (holiday).

Thursday-Friday, Nov. 30-Dec. 1, Thanksgiving holidays.

December 20-January 2, Christmas holidays.

Friday, Jan. 26, 1940, end of mid-term.

Monday, Jan. 29, 1940, spring term begins.

Thursday, Feb. 22, 1940, Washington's birthday (holiday).

Friday, March 22, 1940, Good Friday (holiday).

(One additional holiday for the district interscholastic league may be given between March 22 and the end of the term.)

Friday, May 31, 1940, end of spring term.

It was pointed out an additional holiday may be had during the year, but if it is not needed for a special occasion, it will be observed at Easter time.

Still Got 'Em

Did you ever want to jump out of a dentist's chair and run when the dentist turned his back? William Kennedy (above), 11, of Boston, did just that when he was taken to have three of his first teeth pulled at his home here last night. But Jimmy turned up at home again, a bit bedraggled, but still with his teeth.

## NEW GERMAN-SOVIET TRADE AGREEMENT TO BE BENEFICIAL NAZIS

TREATY DISCLOSED AMID DECLARATIONS DAY RECKONING WITH POLAND NEAR

BERLIN, Aug. 21.—(P)—Political and economic sources said today the new German-Soviet Russian trade agreement probably would give the Nazis access to much-needed materials for strengthening Germany's hand in Europe's power politics.

That treaty was disclosed yesterday amid declarations Germany's "day of reckoning" with Poland over the Danzig situation is approaching.

Headlines "German patience" is fast being exhausted by "Polish insolence," and Poland "still has five minutes for reflection," substituted news of the commercial agreement.

In informed quarters, however, a "sharp upturn" in commercial relations between Germany and Russia was forecast, particularly because Germany's capacity to absorb Russian raw materials is "without limit."

In the face of what she charges is "encirclement" by Great Britain and France, Nazi Germany forgot ideological differences to conclude the barter trade pact with communistic Russia.

The treaty provides for an exchange of German machinery

See TRADE PACT, Page 2

## Another Rise In State's General Funds Deficit

AUSTIN, Aug. 21.—(P)—Another rise in the state general fund deficit was reported today by State Treasurer Charley Lockhart.

Lockhart said the overdraft was \$19,377,183, an increase of \$5,180,586 in the last year and of \$331,435 since August 5. It is expected to grow to around \$25,000,000 by the end of the year.

The treasurer called for payment of all general fund warrants through January 12.

The new call number was 25,514. The confederate pension fund deficit was \$2,995,097, a drop of \$900,000 in the past year. Lockhart announced he was paying all Confederate pension warrants through the August, 1938, issue regardless of whether they have been discounted and purchasing pension warrants through the current issue provided they have not been discounted.

Pointing out he had just returned from an inspection of National guard troops at Palacios, O'Daniel said his duty would not be complete until he reported to the Texas citizenship on the high quality of the Texas national guard and the unselfish service of its 9,712 officers and men.

"The military men of Texas," he said, "are now back at their homes scattered across this great state, ready on the morrow to pursue as usual their professional and business activities. Their services are donated to their state and country because of their patriotism and loyalty. They do not ask of you commensurate pay nor profuse thanks but in all sincerity this morning I bow at their shrine and admit the debt of gratitude which the citizen owes to them."

See O'DANIEL, Page 1

## INTENSE DIPLOMATIC MILITARY ACTIVITY THROUGHOUT EUROPE

BELIEVED STAGE BEING SET FOR EARLY SHOWDOWN FOR PEACE OR WAR

LONDON, Aug. 21.—(P)—Great Britain re-affirmed her policy of resistance to "aggression" today as King Leopold of Belgium initiated a peace plea in behalf of the small neutral European powers.

King Leopold called a meeting of the Oslo Trade Convention powers for not later than Wednesday.

These powers are Holland, Belgium, Luxembourg, Sweden, Norway, Denmark and Finland.

At a meeting in London, a British government spokesman, referring to a statement of policy by Foreign Secretary Lord Halifax July 29, declared the position remains as stated and is unchanged in any respect.

In that statement Halifax said the doctrine of force "bars the way to settlement" of Germany's claims and "in the event of further aggression we are resolved to take advantage of our strength in fulfillment of our pledges."

The spokesman said Germany and Italy had had ample opportunity to be familiar with this policy.

Halifax gave Prime Minister Chamberlain an urgent report on developments since the prime minister left two weeks ago for a fishing vacation in Scotland.

Reports from Paris said the French cabinet also would meet.

War Secretary Leslie Hore-Belisha, hurrying back from a vacation in the French Riviera, stopped in Paris for a talk with Premier Daladier.

French War Ministry sources said Hore-Belisha and Daladier had discussed the German harvest in comparison with that of France and Great Britain.

Intense diplomatic and military activity throughout Europe today created an impression in political circles the stage is being set for developments pointing the way to peace or war, possibly before the week ends.

Many observers viewed trends of the past several days as indicating that from some quarter might come a concrete proposal for a formula of negotiation whose rejection or consideration would decide whether Europe's problems

See EUROPEAN, Page 2

## Belgium Invites Small Nations to New Peace Parley

BRUSSELS, Belgium, Aug. 21.—(P)—The government of 37-year-old King Leopold of Belgium, often hailed as a potential mediator of Europe's troubles, today suddenly invited the ministers of six small powers to rush here by airplane to join Belgium in a peace plan to the larger nations of the Old World.

The conference "will meet not later than Wednesday" and will be invited to arrive by airplane, it may be preliminary discussions tomorrow.

The seven nations associated in the Oslo trade convention were asked to send their foreign ministers.

The nations involved are Belgium, The Netherlands, Luxembourg, Sweden, Norway, Denmark and Finland.

It was understood here all accepted.

Preliminary soundings for such a conference were made privately at the Interparliamentary Union Congress which closed Saturday at Oslo.

The reaction was found to be favorable and with the Central European outlook rapidly becoming more grave the invitations were dispatched urgently.

See O'DANIEL, Page 1

See O'DANIEL, Page 1

## ILLINOIS OIL

(Continued From Page One)  
Illinois produced 285,000 barrels of oil daily.

**Completion Comparison**  
As of the week ending July 28th, there were completed in Texas 145 new oil wells having an initial production of 72,000 barrels of oil daily, and in Illinois there were completed 61 new wells having an initial production of 34,000 barrels. During recent months production in Texas alone has been increased in amount practically the same as the entire new production in Illinois. x x x

It is an interesting fact that the interests who are now apparently criticizing Illinois, actually own or control approximately 90 per cent of all production in Illinois as well as Texas, Oklahoma and other oil-producing states. They have absolute control, through production and transportation, of the problem which they now seek to blame on Illinois.

If there be the serious oil problem confronting the oil industry that these interests have, we think that I feel that there should be an honest and fair approach to the solution of the problem for which they are responsible. Illinois is entitled to, and it has the right to carry on the fight until our state and its citizens receive that place in the oil markets to which our strategic geographical location entitles us."

## TRADE PACT

(Continued From Page One)  
and other highly specialized German industrial products for what the Nazis need badly, especially for preparedness—Soviet ore, haw chemicals, lumber, gasoline and oil.

To this end, the Nazis gave Russia an \$80,000,000 credit, while the Soviet Union, promised to deliver within two years \$72,000,000 worth of her products. Germany authorities said trade between the two nations had shriveled from approximately \$320,000,000 under the revolving credit arrangement initiated in 1926 to less than \$40,000,000 last year.

The ideological warfare produced this adverse effect in part on trade relations.

**Soviets Halt New Pact.**  
MOSCOW, Aug. 21.—(P)—A prediction the new trade agreement between Germany and Soviet Russia might lead to improvement of their political relations appeared today in the communist party newspaper Pravda as the entire Soviet press hailed the new pact. Pravda's front page editorial appeared a few hours before the resumption of military staff talks looking toward a mutual assistance pact among Great Britain, France and Soviet Russia. These conversations, which had been in recess three days, were resumed at Premier Vyacheslav Molotov's residence.

## Busting the Big Fix: 1

# G-Men In New National War On Crime Name Corruption Today's No. 1 Racket

By MORGAN M. BEATTY  
AP Feature Service Writer

WASHINGTON.—The G-men and their allies are drawing a bead on the daddy of all the racketeers.

They're after the crime behind crime. They've got their eyes on the Big Fix.

Without this worst racket few illegal short cuts to wealth could survive. Crime would disappear as an organized force. The criminal would revert to his old furtive, hunted, way of life, unprotected by crooks in high places. The light of truth would return to that wise old saw, "Crime does not pay."

The first objective in a nationwide drive is one Louis (Lepke) Buchalter, a bulbous-nosed New York parasite who has been charged with selling protection to legitimate business for years—at the point of a gun and at the end of the arc of a bomb.

Between them, Thomas E. Dewey, New York's racket-buster, and J. Edgar Hoover's Federal Bureau of Investigation have put a price of \$30,000 on Lepke's scalp. Some folks have the idea that potential Republican presidential candidate Dewey and Democratic Attorney General Frank Murphy, Mr. Hoover's boss in Washington, are rivals for custody of Buchalter. It's true, the capture would be a political asset. The principals deny any such rivalry and insist they are co-operating with each other. But, rivalry or not, the public benefits in the chase for a criminal. Of that there can be no doubt.

The FBI admits that Buchalter is wanted in the worst way. Dewey says he's the most dangerous industrial racketeer in the nation.

**He's Bait In A Trap**  
But that's only part of the story. As a matter of fact, Lepke is not

ever done business with Buchalter is a marked man. Anybody who gives him aid or comfort along the underground railroad of crime is in danger. For the FBI is willing to spring the trap, not on Buchalter alone, but the men who are in on big-time crime anywhere. They want crooked law-

yers, politicians, bail bondsmen—anybody who lives an outwardly respectable life, but who protects crime.

Ask J. Edgar Hoover about it, as he did the other day, and he'll tell you, only the dictionary word for the Big Fix, "corruption."

The "maladies which lawlessness inoculates into the social order will rot the foundations of our nation," said the head G-man. "The worst of these is corruption. Corruption begets corruption. Without it, organized crime could not exist."

The Kansas City Massacre  
Kansas City was one opening wedge for the nationwide drive. It took a long time to drive that wedge.

For years, the G-men knew something was rotten in Kansas City. Back in 1933 three big-time hoodlums tried to rescue Bank Robber Frank Nash from several officers of the law, and smeared the annals of crime with the notorious Kansas City massacre. Four officers and Nash were murdered right in front of the Union Station.

But local crime is no concern of the FBI, unless some federal law is violated. So J. Edgar Hoover and his G-men bided their time.

On the morning of December 14, 1934, Federal Judge Albert L. Reeves handed them golden opportunity on a silver platter. "Fines of citizens in the last national election," was the gist of his order to the federal grand jury and the G-men.

Hoover was primed and waiting. He moved in a truckload of scientific apparatus—spectroscopes, microscopes, and the like—and the men who know how to use it. Tom Pendergast's henchmen must have

deux ex machina in the national underworld.

Right now he's just so much bait—a big, fat, juicy lump of bait in a trap set clear across the country. Jaws of the master trap stand afoot in many cities, perhaps among them Cleveland, Chicago, New Orleans, Boston, Miami, Philadelphia, San Francisco, A New York federal grand jury has set itself up as a clearing house of crime, armed with a hand-truck load of the encyclopedia of the underworld, sent up from Washington.

Anybody in the underworld anywhere in the country who has

With the end of prohibition and gangsterism, Americans sat back to enjoy a long vacation from crime, only to be rudely shocked by the racket era. Recent disclosures in New York, Kansas City and Louisiana show it to be still with us. And federal officials have begun another nation-wide drive on crime.

The AP Feature Service asked J. Edgar Hoover and others about the crime situation, and obtained amazing statistics and facts. Morgan M. Beatty here analyzes these and other records in a series of rapid-fire stories about the modern-day struggle between the law and the underworld. Here is the first of the three stories.

## BACKGROUND

With the end of prohibition and gangsterism, Americans sat back to enjoy a long vacation from crime, only to be rudely shocked by the racket era. Recent disclosures in New York, Kansas City and Louisiana show it to be still with us. And federal officials have begun another nation-wide drive on crime.

The AP Feature Service asked J. Edgar Hoover and others about the crime situation, and obtained amazing statistics and facts. Morgan M. Beatty here analyzes these and other records in a series of rapid-fire stories about the modern-day struggle between the law and the underworld. Here is the first of the three stories.

ever done business with Buchalter is a marked man. Anybody who gives him aid or comfort along the underground railroad of crime is in danger. For the FBI is willing to spring the trap, not on Buchalter alone, but the men who are in on big-time crime anywhere. They want crooked law-

yers, politicians, bail bondsmen—anybody who lives an outwardly respectable life, but who protects crime.

Ask J. Edgar Hoover about it, as he did the other day, and he'll tell you, only the dictionary word for the Big Fix, "corruption."

The "maladies which lawlessness inoculates into the social order will rot the foundations of our nation," said the head G-man. "The worst of these is corruption. Corruption begets corruption. Without it, organized crime could not exist."

The Kansas City Massacre  
Kansas City was one opening wedge for the nationwide drive. It took a long time to drive that wedge.

For years, the G-men knew something was rotten in Kansas City. Back in 1933 three big-time hoodlums tried to rescue Bank Robber Frank Nash from several officers of the law, and smeared the annals of crime with the notorious Kansas City massacre. Four officers and Nash were murdered right in front of the Union Station.

But local crime is no concern of the FBI, unless some federal law is violated. So J. Edgar Hoover and his G-men bided their time.

On the morning of December 14, 1934, Federal Judge Albert L. Reeves handed them golden opportunity on a silver platter. "Fines of citizens in the last national election," was the gist of his order to the federal grand jury and the G-men.

Hoover was primed and waiting. He moved in a truckload of scientific apparatus—spectroscopes, microscopes, and the like—and the men who know how to use it. Tom Pendergast's henchmen must have

deux ex machina in the national underworld.

Right now he's just so much bait—a big, fat, juicy lump of bait in a trap set clear across the country. Jaws of the master trap stand afoot in many cities, perhaps among them Cleveland, Chicago, New Orleans, Boston, Miami, Philadelphia, San Francisco, A New York federal grand jury has set itself up as a clearing house of crime, armed with a hand-truck load of the encyclopedia of the underworld, sent up from Washington.

Anybody in the underworld anywhere in the country who has

## CRIME IN CITIES

CITIES OVER 250,000

100,000 TO 250,000

50,000 TO 100,000

25,000 TO 50,000

10,000 TO 25,000

5,000 TO 10,000

UNDER 5,000

1 OFFENSE PER 1,000 INHABITANTS

FBI figures show crime is greatest in population centers

laughed. Imagine trying to jail anybody with a lot of fancy gadgets.

But those gadgets did their work. They found fraudulent ballots. They found the latent fingerprints of Pendergast's henchmen on those ballots. They threw the fingerprints on a screen in federal court. Witnesses began to talk. At last the Big Fix was on the way out. Late last year the last of 253 election fixers were sentenced in federal court.

The Summary  
Now look what's happened since: Tom Pendergast is a number in Leavenworth, convicted of income tax evasion, the quickest way to get him. His lieutenant, R. Emmet Malley, accused of bribery in a huge insurance rate fraud, is in Leavenworth, with "the boss."

E. Mont Rely Pendergast's Republican cronies, is under indictment for fixing city payrolls. F. McElroy, Pendergast's city manager, is under indictment for embezzlement of public funds. Angelo Donnici, Pendergast's street healer, "mayor of ninth street," has been convicted with 58 others of running a \$12,000,000-a-year narcotic ring, supplying the whole southwest.

Charles Carroll has been indicted as the czar of a \$20,000,000 gambling syndicate. At least, that's what Judge Allen C. Sullivan said the gamblers took from Kansas citizens and their guests every year.

Kansas City showed the G-men and their allies what can be done when they get at the Big Fix. It sharpened their taste for a bigger and better shot at the underworld. And they're starting off with Lepke for bait.

Tomorrow—The Pyramid Of Crime.

MRS. J. J. HAMILTON  
DIED IN HOSPITAL  
HERE ON MONDAY

Mrs. J. J. Hamilton of Eureka, widow of the late Dr. J. J. Hamilton, died Monday in the Navarro Clinic.

Funeral services will be held at 4 o'clock Tuesday afternoon from the Presbyterian church at Eureka. The rites will be conducted by Rev. L. O. Cunningham. Interment will be in Hamilton cemetery.

Surviving are two sons, Lloyd Hamilton and Floyd Hamilton, both of Eureka; three daughters, Mrs. Walter Johnson, Corsicana; Mrs. Sneed Hamilton, Corsicana; and Mrs. C. G. Cuthbertson, Refugio; one sister, Mrs. M. Holley, Pampa; one sister, Mrs. L. Murphy, Dallas; nine grandchildren, and other relatives.

Sutherland-McCammon Funeral Home and L. B. Bonner at Eureka will have charge of arrangements.

Sick and Convalescent.  
W. B. Middlebrooks was dismissed Monday morning from the P. and S. Hospital.

Carl Parsons, who had his tonsils removed last week at the P. and S. Hospital, was able to be taken home today.

John Deskin of Bazette was taken home Monday morning from the P. and S. Hospital.

J. D. Wiley of Mildred was given first aid treatment at the P. and S. Hospital for bruises received in an automobile accident Monday morning.

R. B. Mitchell, who has been sick at his home on West Sixth avenue for several days, is reported better.

Do You See Clearly?

Often a small adjustment makes a great difference in your glasses! Dr. Ellis Carp is glad to render this service free. If you have never worn glasses and have eye trouble of any nature,

Dr. Carp will advise you correctly. And, if you need glasses you can pay for them weekly or monthly.

## EUROPEAN

(Continued From Page One)

are to be decided at the conference table or on the battlefield. A somewhat inconclusive factor was the announcement of a trade agreement between Germany and Soviet Russia on the eve of resumption of talks among British, French and Soviet military experts toward a three-power mutual assistance pact.

One possibility that attracted discussion was that of Germany making a "final offer" to Poland on demands for Danzig and a link with East Prussia through Pomorze (the Polish Corridor).

In Berlin, the press insisted "Polish insolence" was speedily exhausting "German patience" and "der tag" of accounting—was spoken of with increasing frequency. But some papers hinted Poland might yet "save herself" by initiating an acceptable suggestion.

Hour Approaches.  
At Danzig yesterday, Nazi District Leader Albert Forster told a crowd of uniformed police the "hour approaches now" and added, "There is still the possibility that Poland, feeling the pressure of extensive military activities on her borders, might advance some plan."

The Poles, stiffly opposed to negotiations under present conditions, insisted that Danzig is vital to Poland's independence, nevertheless several times have voiced willingness to discuss the situation.

There was still the possibility that Poland, feeling the pressure of extensive military activities on her borders, might advance some plan.

Some sources felt a plan for a negotiated settlement might come from Rome.

Italian Foreign Minister Count Galeazzo Ciano has been engaged in strenuous diplomatic activity following talks with German Foreign Minister Hitler and his foreign minister Joachim von Ribbentrop. Premier Mussolini asserted May 14, "There are not at present in Europe problems big enough to justify a war."

Pope Pius, in a long speech, pleaded for a peaceful settlement of Europe's troubles. Following an audience, Postmaster-General James A. Farley of the United States said he was convinced the Pontiff was doing all in his power to maintain peace.

Fascist newspapers, as if by government inspiration, urged Poland to accept the plan offered by Hitler last April which called for return of Danzig to Germany, a German highway and railway, through Pomorze, a free zone for Polish shipping at Danzig, and a 25-year guarantee of Poland's borders.

But if any negotiation plan does not develop, it was pointed out, discussions would have to be carried out against a background of peak armaments and great numbers of men in arms in all countries.

In Slovakia, along the Polish border, 250,000 German troops were massed.

With such the picture, Prime Minister Chamberlain hurried back to London from a holiday in Scotland to discuss the situation today with key ministers. Foreign Secretary Lord Halifax and War Minister Leslie Hore-Belisha also interrupted vacation to attend.

Besides reviewing the Danzig situation and the pending formalization in a treaty of Britain's pledge to fight for Poland's independence, the ministers will study latest reports on the Moscow negotiations in the light of New Russian-German trade pact.

Britain's Pledge Given  
In view of the European situation, particular significance was attached to a long editorial in the Times, which often reflects government views.

Britain has given to Poland, the editorial said, a "specific pledge from which it will not and cannot recede." It had given no such pledge to Czechoslovakia.

The Times added that Britain realizes, in the event of a negotiated Danzig settlement—"still perfectly possible"—that "explicit guarantees will have to be found that the implications of the settlement are subsequently observed."

Adding to Britain's concern and preparedness was a cryptic warning issued through the British Broadcasting Company that certain "obstructions" to navigation would be established today in the Firth of Clyde, on the west coast of Scotland, where a submarine boom was swung during the world war.

The broad expanse of the Firth of Clyde commands the entrance along the Clyde river and the vital iron and coal areas around Glasgow.

Warsaw Appears Calm.  
Warsaw appeared calm. Poland was said to have sent troop reinforcements to Germany and Slovak borders after Germany was reported to have placed 250,000 troops under full war equipment along the Slovak side of the Polish frontier. The Polish moves were undertaken quietly, the only public announcement being "certain defensive measures have been taken."

The far eastern picture appeared to have darkened over the week-end. Japanese were threatening to blockade Britain's crown colony of Hongkong in South China, and in Shanghai, at the center of the China coast, British-Japanese relations were strained over the killing of two members of Japanese-dominated police force by a British member of the international settlement police.

At Tientsin, in North China, the worst flood in the city's history crippled the Japanese blockade of the British concession.

Meanwhile in Tokyo the newspaper Asahi reported that Japan was considering a stronger policy toward the United States if an American arms embargo should be imposed against Japan.

Csaky Issues Statement.  
BUDAPEST, Aug. 21.—(P)—Count Csaky, Hungarian foreign minister, issued a statement early today.

This evening in which he declared "an independent and strong Hungary is an indispensable factor in the political balance of Central Europe."

The statement, made through the official Hungarian news agency, a few hours after Count Csaky returned from Germany and Italy, declared "those who try to loosen old and intimate friendships are working against the maintenance of peace and against the life interest of Hungary."

Foreign office officials said they did not know exactly what Csaky meant by "old and intimate friendships," but it was remarked that Hungary's oldest and most intimate relationship is with Poland.

Session of British Cabinet on Tuesday  
LONDON, Aug. 21.—(P)—A decision to hold a full British cabinet session tomorrow coincident with a French cabinet meeting indicated important joint action was intended in the guide European situation. Belgium today suddenly called seven small powers to a conference Wednesday to consider a possible peace move.

Full cabinet status was given to tomorrow's meeting of British ministers after Prime Minister Chamberlain, returning from a holiday in Scotland, had conferred with Lord Halifax, foreign secretary.

The Belgian move in calling the foreign ministers of six other neutral states associated in the Oslo trade convention to a conference in Brussels Wednesday offered the possibility of some British-French action toward a settlement of the German-Polish dispute over Danzig.

A joint statement by Britain and France reaffirming in strong terms the pledge to guide Poland in event of an attack upon her, but at the same time advocating negotiation by Germany and Poland, was considered another possibility.

In some political quarters there were suggestions the British parliament should be recalled immediately and used as a medium for a new British warning to Germany.

Some Britons discounted the effectiveness of any move toward mediation or a peace appeal by the small Oslo powers pending some indication of a more conciliatory attitude by Germany.

French Cabinet to Meet.  
PARIS, Aug. 21.—(P)—Premier Edouard Daladier after a long talk today with British War Minister Leslie Hore-Belisha, called an emergency meeting of the French cabinet for 5 p. m. (10 a. m. CST) Tuesday.

The meeting undoubtedly will consider King Leopold's call for a conference Wednesday of the seven small nations, known as the "Oslo group," to discuss a peace plan to the larger powers, but informed French sources emphasized "France is in no mood to make Brussels another Munich."

Nazis Sign of Hungary.  
BERLIN, Aug. 21.—(P)—Nazi quarters expressed certainty today Hungary would cast her lot with Germany and Italy, come what may. These quarters said Hungarian

Foreign Minister Count Csaky was for "100 per cent co-operation." All talk of possible friction or lack of unanimity between Hungary and the axis powers was declared futile.

Germany Refused Permits.  
BUCHAREST, Aug. 21.—(P)—The Rumanian ministry of the interior was disclosed today to have cancelled or refused hunting licenses to thousands of the German minority in Transylvania. The licenses permit the holders to keep rifles.

Ministry officials, it was said, found that Transylvanian Germans applied for 20 times as many permits as in other years.

Zionist Congress Splits.  
GENEVA, Aug. 21.—(P)—The General Zionists "B" party of moderates stomped out of the World Zionist Congress today in a huff over charges against them of action irregularities in Palestine.

Forty-two delegates withdrew "until further notice." The break had little effect on the congress as a whole, with delegates still left, but it checked efforts to form a united Jewish front against Britain's plan for an Arab dominated state in Palestine.

British Advised Leave Warsaw.  
WARSAW, Aug. 21.—(P)—The British embassy was circled today by nationalists in general terms, advising them to leave Warsaw as soon as possible in "view of the considerable danger of a rupture in Polish-German relations," a reliable informant said today.

Individual British tourists, it was reported, have been advised to leave Poland immediately because of anticipated difficulties in transportation should war break out.

## DALLAS OIL MAN HAD BEEN INDICTED IN LOUISIANA CASE

FEDERAL JUDGE RULES NO  
EVIDENCE OF CRIMINAL  
ACTION ADDUCED

DALLAS, Aug. 18.—(P)—Federal Judge T. W. Davidson today ordered dismissed from custody Freeman W. Burford, millionaire Dallas independent oil operator jointly indicted with former Governor Richard Leche of Louisiana and Seymour Weiss, Louisiana political power, on charges of violating the Connally "hot oil" act.

Government attorneys immediately announced they would continue their effort to remove Burford to Louisiana.

"If I can have him picked up in any district but the Northern district of Texas," said John O. Rogge, assistant U. S. district attorney in charge of the Louisiana investigations, "I will do so. This ruling applies only to this district. It has no effect upon the indictment returned at New Orleans."

Government attorneys immediately announced they would continue their effort to remove Burford to Louisiana.

"If I can have him picked up in any district but the Northern district of Texas," said John O. Rogge, assistant U. S. district attorney in charge of the Louisiana investigations, "I will do so. order issued prior to the transaction, Harris said:

"Every man who spoke to him (Burford) about it, including Louisiana officials, interpreted the Louisiana law as a market demand law and they interpreted that law correctly. He was not the only man who obtained such an order. It was not a crime to consult a private citizen of Louisiana as to 'whether he was going to be 'squeezed' out of the oil.'"

Harris cited numerous cases to establish his point that the facts in an indictment must constitute an offense against the government.

"There can be no offense if the order was issued in accordance with the law. Furthermore, the alleged acts of Mr. Burford did not thwart any function of the United States government."

"The federal government has no control over proration laws of Louisiana and, therefore, the second count of the indictment does not state action."

Arguments Heard In Burford Case

DALLAS, Aug. 18.—(P)—Federal Judge T. W. Davidson may decide today whether Freeman W. Burford, wealthy Texas independent oil operator, must return to New Orleans for trial on charges he conspired to violate the Connally "hot oil" act.

Attorneys for Burford, led by Dillard Estes, and for the government, under O. John Rogge, assistant attorney general, went before Judge Davidson today with their conflicting arguments. Both sides rested late yesterday after sensational testimony in regard to granting of special oil allowances in Louisiana was put into the record by government witnesses.

Burford's attorneys have presented testimony to prove their claim there was no violation of the Connally act in Burford's transportation of oil from the Rodessa field, because the oil was legally produced. The Connally act relates to interstate movement of oil produced in excess of state allowances. One of Burford's exhibits was an order issued March 24, 1938, under which the Pelican Oil and Gasoline company was given a 20,000 barrel increase. Burford had contracted with Pelican to buy the oil.

This order, the government claims, was issued without any investigation as to market demand and therefore was illegal. Also, the government claims Dr. J. A. Shaw, chief of the minerals division of the Louisiana conservation commission, and others were "misled" in connection with issuance of the order.

Shaw testified yesterday so such investigation had been made by his department, and that he had signed the order or law himself. He said he was asked by former Governor Richard Leche and Seymour Weiss, New Orleans hotel man, to sign the order. Both Leche and Weiss were indicted with Burford.

The hearing before Judge Davidson was upon an order removing Burford to New Orleans, and upon a writ of habeas corpus granted the oil man last week.

Promises Statement on Shaw, NEW ORLEANS, Aug. 18.—(P)—Ernest S. Clements, chairman of the Louisiana conservation commission, today promised a statement on the status of Dr. J. A. Shaw, key government witness in the Leche-Weiss-Burford conspiracy indictment, and who reports say has been removed as director of the minerals division of the conservation department.

Clements refused a flat "yes" or "no" this morning when asked if Dr. Shaw, fired then reinstated during the last six weeks, had been removed.

"I wouldn't want to be quoted on that," Clements said, "but I will have a statement this afternoon."

Shaw, testifying yesterday in the Freeman W. Burford removal hearing in federal court in Dallas, said he had been forced to sign the order permitting an increased production in the rich Rodessa field in an alleged deal between former Gov. Richard W. Leche, Seymour Weiss and Burford which the government alleges formed a conspiracy to violate the Connally "hot oil" act.

No Indictments Today, NEW ORLEANS, Aug. 18.—(P)—New Orleans Attorney Rene A. Viosca today announced there would be no important federal grand jury indictments returned today, as had been expected.

It was understood the plan to return several important indictments against high state figures had been changed at the request of Assistant Attorney General O. John Rogge, detained in Dallas today by arguments in the Freeman W. Burford removal hearing. The new plan is for the jury to return the indictments Monday.

## BROTHER CORSICANA WOMAN DIED LULING; BURIAL GROESBECK

SAN ANTONIO, Aug. 18.—The body of John Stephen Brown, aged 32 years, San Antonio food and drug inspector, has been sent to Groesbeck for burial following his death at Luling. The rites were held Friday.

He is survived by his wife, Mrs. Virginia Wood Brown; a daughter, Miss Irene Brown; a son, William Brown; five brothers, W. P. Brown, Okmulgee, Okla.; Dr. N. F. Brown, Wichita Falls; Dr. M. Brown, Mexico; L. L. and P. P. Brown, both of Groesbeck, and a sister, Mrs. R. L. Reese, Corsicana.

## PREPARATIONS FOR SALES PSYCHOLOGY SCHOOL COMPLETED

Preparations for the salesmanship and sales psychology school to be conducted for four nights beginning Monday at 7:45 in the gymnasium of the Corsicana Y. M. C. A. were reported completed Saturday by Jack D. Brown of the extension service of Texas Christian University, who is presented the course under the sponsorship of the Chamber of Commerce.

Mr. Brown reported well over a hundred had enrolled for the course, and also extended an invitation to the ministers of the city to attend the instruction periods as guests.

Fairfield Man Wed  
Tyler Girl, June 24  
FAIRFIELD, Aug. 18.—(Sp.)—Penn Bounds Hammett of Fairfield and Miss Minnie Lee Grant were married at the home of the bride's parents, Mr. and Mrs. John Grant, in Tyler, on June 24, Justice Roy Vinson officiating.

Mr. and Mrs. Hammett are graduates of the State School for the Blind.

Mr. Hammett operates a drink and confectionery stand in the court house here and Mrs. Hammett operates the same kind of business in the new city hall building in Tyler.

Goings and Comings  
Of Fairfield Folk  
And Their Visitors  
FAIRFIELD, Aug. 18.—(Sp.)—Mrs. Clara Glazner visited in Houston last week.

Mrs. W. W. Prigden, Miss May Prigden and Mr. and Mrs. C. R. Glazner and son Billie spent Sunday at Dallas.

Mrs. Mary Lyon of Houston visited Dr. and Mrs. L. L. Bonner Monday.

D. A. Manahan spent Sunday at Marlin with Mrs. Manahan.

Mr. and Mrs. Forest Wood and children are spending the week with Mr. Wood's parents Mr. and Mrs. F. E. Wood, at Bartlett.

Sumpter Daniel spent Sunday at Shepherd where Mrs. Daniel is visiting her sister Mrs. Porter.

Mrs. W. L. Orand and children of Galena Park are visiting Mrs. Orand's father, A. A. Stroud.

Mr. and Mrs. Hubert Parker of Terrell spent the week-end here with Mrs. Parker's father, W. F. Hucksby.

John D. Burleson and Edwin Keegan, in Dallas Monday.

Miss Nellie Ruth DuFay of Mexia visited here Tuesday.

Miss Eloise Williamson of Oakwood and Doris Williamson of Corsicana were here Sunday.

## CLAIMS IMMORALITY PREVAILED IN CAMPS OPERATED BY ORDER

NINETEEN YEAR OLD GIRL  
WAS SURPRISE WITNESS BEFORE DIES COMMITTEE

WASHINGTON, Aug. 18.—(P)—Nineteen-year-old Helen Vooros told the Dies committee today that there was "immorality" in a German-American bund camp on Long Island, N. Y., and that she quit the bund because "the leaders wouldn't let me alone."

"They planned to attack me," the plump dark-haired former Bund youth leader added in an almost inaudible tone.

The immorality of the entire movement appalled her so only Representative Starnes (D-Ala) put in, starting a question.

"It disgusted me," she said, cutting Starnes off.

Miss Vooros made these assertions in telling about Camp Siegfried on Long Island. She said the girls and boys' sections of the camp were only 30 feet apart.

"And that caused quite a bit of trouble," she added.

"Parents complained they were too close and that the boys and girls were seen together."

Asked by Starnes whether the odorous Dinkelacker, whom she had identified as leader of the bund's youth movement at the time, had done anything to stop "immorality," she said:

"He did not consider it immoral."

"Later I found out that it was 'no'."

Miss Vooros mentioned Dinkelacker again in discussing a bund-sponsored youth voyage to Germany. She testified he was found with one of the leaders when the ship, the S. S. Hamburg, was about six days out at sea.

Girl Only Seventeen.

"She was only 17 years old," said Miss Vooros, adding that the unidentified girl implicated with Dinkelacker was from the Bronx, New York.

When she and other bund girls on the trip learned of this incident she asserted, they were warned by Mrs. August Klapprott to say nothing about it. Miss Vooros identified Mrs. Klapprott as a youth leader and the wife of a bund leader in New Jersey.

Earlier, she said bund leaders attempted to indicate the camp was with the idea Nazi principles were far superior to "American institutions and ideals."

"They said," she testified, "that National Socialism (the party of Hitler in Germany) was the only thing that could save us—I don't know what we were going to be saved from."

"They said we Germans weren't getting consideration in this country and it was about time we spoke up."

The leaders, she said, at the outset, required bund youth to study the life of Hitler from pamphlets which came from Germany.

"What They Call 'Pure'."

Continuing questions about the camp, Chairman Dies (D-Tex) asked if immorality was not contrary to the principles of Adolf Hitler as enunciated in his book "Mein Kampf." Dies said Hitler had told of efforts "to break immorality."

"That's what they call pure," Miss Vooros said.

She answered negatively when Dies asked whether the camp had moved to "become an informer."

"Then why did you quit?" Dies asked.

"Because these leaders wouldn't let me alone," she replied.

Saying she left camp after three days because she was "disgusted," she declared that Frederick Vandenberg, South Brooklyn post leader, had impudently advanced to her which she repulsed.

Miss Vooros told the committee of having delivered a mysterious sealed letter from a former staff member of the German-American bund newspaper to a high party leader on the S. S. Hamburg.

She said the letter was given her by Severin Winterscheidt, now in prison on a morals charge, after Dies asked if she ever had been asked to divulge any of the country's secrets, the whereabouts of ship yards and munitions factories, while on a trip she made to Germany.

She said when the Hamburg was

## Ford Motor Co. Refuses Comply With Board Order

DETROIT, Aug. 18.—(P)—The Ford Motor company formally refused today to comply with a recent order by the National Labor Relations Board that it rehire 24 discharged employees and refrain from "disparaging or criticizing labor organizations."

The company's answer, filed at the Detroit office of the NLRB, declared Ford "has complied with the law and will continue to do so."

Assailing the board's reference to "alleged statements of propaganda" by the company against unionism, the answer signed by P. E. Martin, Ford company vice-president, stated:

"This paragraph of the order appears to be predicated upon the views of Mr. Henry Ford as expressed in his statement which were disseminated by the company among its employees."

"The review of these statements in the board's decision is incomplete and unfair. X x X The right of free speech, which is accorded to advocates of communism or other isms, is denied Mr. Ford and the Ford Motor company."

about three days out from New York, a high political leader whom she did not name came and got the letter from her.

Warned to Keep Mouths Shut.

"Dinkelacker," she said, instructed her to keep her mouth shut about the whole matter. He said it would be very dangerous if anyone found out about the trip."

She related how in South Brooklyn bund girls in her group were warned to keep their knowledge after the study of Hitler.

She said the girls—19 of them who met every Saturday—were required to speak German at their gatherings.

"We were fined one or two cents if we spoke English," she declared.

Rhea Whitley, committee consul, asked how she happened to affiliate with the group.

"A friend of mine recommended it to me because of the social activities going on but she didn't tell me it was an arm of the Nazi organization. I learned that later."

Before she came to the camp, she had been indoctrinated "surprise" witness would be a man.

Mystery Witness to Link Bund and Nazis

WASHINGTON, Aug. 18.—(P)—The Dies committee endeavored today to link the German-American Bund with various Nazi propaganda agencies by calling as a witness a former Bund member who went to Germany to study technique there.

Chairman Dies (D-Tex) said the committee had been requested to withhold the witness' name until he started testifying in order to prevent any "demonstrations." His testimony, committee officials announced, would be offered in reply to some of the statements by Fritz Kuhn, bund leader whose two-day examination was finished yesterday.

Kuhn told reporters after he left the stand that his testimony, the committee had failed to disclose any un-American activities on the part of the bund or any connection with Germany.

Asserting public sentiment was against the investigation Kuhn commented:

"Personally, I believe it has cost Mr. Dies his political future."

"I'm not interested in my political future," replied Chairman Dies, tall Texas democrat when informed of Kuhn's statement.

"We have produced circumstantial evidence that the Bund was working with German agencies," Dies continued. "They have a common sympathy and purpose, at least and the Bund probably was getting advice from the German government."

At the end of yesterday morning's session, Dies told the committee Attorney General Murphy had addressed a Bund meeting in Detroit in 1938.

Murphy issued a statement through his office last night, saying:

"As far as I can remember I never addressed a Bund meeting as such. During the campaign of 1938 I addressed many meetings of these meetings. They have a common sympathy and purpose, at least and the Bund probably was getting advice from the German government."

## DAREDEVILRY IN GAINESVILLE CIRCUS IS SENSATIONAL

NUMEROUS ACTS IN THIS  
COMMUNITY ENTERPRISE  
EXTREMELY DARING

Daredevilry plays a sensational role in the Gainesville Community Circus which comes to Corsicana for two performances on August 31-Sept. 1 under the auspices of the Corsicana Livestock and Agricultural Show at the rodeo arena.

Despite the fact that all of the performers in this unique amusement enterprise are non-professionals and residents of Gainesville, Texas, they cheerfully stake their lives against their ability to perform spine chilling feats that make the circus outstanding.

Chief thrill of this year's program is a perch pole performance by J. D. Stephens and Bill Ritchie. The latter balances in a belt a 24 foot steel pole, atop which Stephens climbs and performs acrobatic stunts as standing on his head, hanging by his toes, and spinning around the air, his feet almost touching the canvas ceiling of the big top.

Another thrilling stunt is performed by Marie Norman, who dives out of her high trapeze to catch only by her heels on the flying bar, and does a somersault to a one knee catch before her blood pressure returns to normal.

Dorothy Cox the aerial comet, files pendulum style from one side of the tent to the other in her cloud swing, clinging by a knee, or diving head first into an ankle catch to come up smiling.

The Kaps twins, Ernestine and Imogene, alternately hang by their teeth from the top of a center pole and slide down a cable a distance of 200 feet to the ground at the rate of 40 miles per hour.

With perfect nonchalance, Coach Fisher loops the loop in a high trapeze. But Lucas does double somersaults from a teeterboard, and Portis Sims rides a bicycle on a high wire.

But that is not all—young activities going on but she didn't tell me it was an arm of the Nazi organization. I learned that later."

Before she came to the camp, she had been indoctrinated "surprise" witness would be a man.

## Imports Crude Oil Showed Big Gains First Half of Year

WASHINGTON, Aug. 18.—(P)—The Commerce Department reported today an increase of nearly 15 per cent in imports of crude petroleum and principal refined oils in the first six months of 1939.

The imports totaled about 30,000,000 barrels. Larger purchases of foreign crude petroleum were the main factor in the gain in imports

## ENEMIES WITHIN

While Hitler was satisfied to strut his stuff with the German people alone, he got away with it.

But when Hitler took over Austria and began treating the easy-going Austrians as he had Germany, he began developing antagonism to himself and to his methods. When he took over Czechoslovakia he increased the number of his enemies and the violence of their hostility.

When he persecuted the Jews he developed not only enemies within his gates but by throwing them out into the world he spread and multiplied the bitterness of antagonism against him a thousand fold.

A shortsighted policy throughout. He had a chance to develop his fatherland through peace into prosperity. Instead of which he is making it stand alone against the world. There are now many small signs of cracks in his power. The cracks seem still slight but spreading. The next year will be one of the most interesting and important in the history of the world.

## PESSIMISM

It is enough to make anyone low-spirited to read what H. G. Wells prophesies for the human race in his new book. There is a barb in the very title. He calls it "The Fate of Homo Sapiens." Obviously he thinks we're not very sapient. In plain American, he would call us "saps."

Humanity, he says, "which began in a cave, will end in the disease-soaked ruins of a slum." Plainly he thinks modern man, with all his scientific knowledge and technical skill, is rushing to destruction through militarism and bad economics.

Science and invention, he finds, have changed our environment but not our natures. The disruptive driving force of unemployed young men "probably will shatter human life altogether under the new conditions." Our present "mental organization" is unable to control the situation.

If there is hope anywhere, he thinks, it is in America. Here is a challenge for our nation to pull itself together and go forward with a constructive program, before our youth gets out of hand here as it has done in Germany and various other countries.

## NOT "POLITICS"

Japanese representatives in this country are said to have reported to Tokyo that in abrogating the commercial treaty we have been "playing politics."

Well, that is what we are usually doing. But if the Tokyo statesmen believe it in this case they will be mistaken. There was hardly any partisanship evident at Washington when the treaty was denounced. Leaders of both parties approved it. So did a big majority of the American public.

The truth is that our nation is shocked by Japan's war in China and ashamed of the indirect part we have been playing in it by selling Japan war materials for her cruel conquest.

From present appearances, we shall correct that situation early next year and do considerable tapering in the meantime.

Things don't really change much. The buggy has become the automobile.

## JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

## BASEBALL'S HOLD

I don't see why it matters. Not much chance at all for me. I must rise to work 'o' mornings where'er the team may be. I'm no richer or no poorer for the way our boys have played. Yet I know by every victory I'm a little happier made. I've tried to analyze it and it's always been the same. As a little chap I fancied joy depended on the game. Then upon the tide of struggle when "we" won I was elated and was troubled when "we" lost. There is something strange about "we" that little pronoun "we."

Can it be I think those players are somehow a part of me? Through the years with every season I've had something deep within Which has shared the home team's fortunes and has wanted it to win. I know it doesn't matter; know that nothing's changed at all. By the way my husky fellows either hit or field a ball. But I'm pulling for the home team every time a game begins. And I'm sadder when it loses and I'm happier when it wins.

## CHINA ON THE MARCH

A good picture of the situation in China, as regards the nation itself, is given by Bishop Ralph A. Ward, an American missionary there for 30 years. He describes it as not a rivalry between nations but a fight for fundamental human rights.

"It is a struggle," he says, "to decide whether the Chinese people, a virtual quarter of the human race, shall be free to work out their own forms of government, education, culture and social welfare."

"Today Chinese unity is a remarkable new phenomenon. Patriotism has been a flame in a few hundred thousand modern Chinese when the war began. Today it is a flame in the Chinese masses. Three million Chinese wounded and killed had countless relatives who are stirred by their misfortunes. The war has become intensely personal to the scores of millions of Chinese who have been driven from their homes."

"Hundreds of millions of Chinese dread the fate which befall those tens of millions whose homes were blasted and burned. The Chinese race is on the march—not merely three million Chinese soldiers in their armies."

That is the situation which presumptuous and pitiless Japan faces today. There are growing indications that the Japanese militarists will not get away with the enslavement of a great nation.

## FRONTIERS OF LIFE

Interest grows in the planet Mars, gliding in the eastern sky these evenings like a red "Stop" light. That legendary God of War might well glare at a world where at this moment there are at least 10,000,000 men in arms, with as many more ready to take the warpath on a day's notice. But the Martian interest of civilized men is not military.

The big question is whether there is life on Mars, as many have thought. Present means of solving that problem are far better today than ever before, with Mars so close to the Earth and telescopes so much more powerful.

The world's most skillful scientists are studying the matter. Dr. H. Spencer Jones of the Royal Observatory at London makes this impressive statement.

"The question whether there is any animal life on Mars is of relatively minor importance, compared with the now reasonably certain evidence that there is vegetation. The bridge between animal and plant life would seem to be much narrower than the bridge between no life and plant life."

In other words, scientists are now pretty well convinced from their scrutiny that there actually is plant life on Mars, and if so, it is reasonable to suppose that there is, or will yet be, animal life there.

It would be wildly visionary to imagine human beings like ourselves developing on Mars. Conditions there presumably would create sentient beings of a very different sort. But there would be intelligence. And if there is, or can be, conscious intel-

## More Calendar Changes to Stimulate the Spirit of Thanksgiving

## BUSINESS HOPE

Mr. Robert A. Weaver, president of the Ferro-Enamel Corporation, proposes a business drive to end unemployment.

"The independence shown by Congress gives business the encouragement needed. However, it is a real challenge to business. In effect, Congress says the government plan of spending to improve business and increase employment has failed. They now pass the ball to business."

"It seems to me the United States Chamber of Commerce and the National Association of Manufacturers should acknowledge that challenge and jointly put on a terrific campaign to end unemployment. If they do, they can succeed."

Not all investors are so ready to jump to expansion as Mr. Weaver would like to see them do. They are waiting to see whether Congress can hold its upper hand.

"We would spend a quarter of a million dollars in replacing equipment if we could feel a little more secure," said Mr. F. H. Chapin of National Acme.

At least, think many business men, Congress has made a start in the right direction. The man without a job awaits his call.

## GUEST PLANTATIONS

The dude ranch craze, it seems, has spread to the southward. In the south, however, it's "guest plantation" which offer live oaks magnolia trees, slow moving streams, peccan orchards, mocking birds, fox hunting and quieter horseback riding than the west usually enjoys.

It sounds like a good idea. Southern life ought to appeal to many northerners wanting rest, or merely wanting change. And it's always good for people from one part of the country to sojourn for a while in another.

With Mars so close now, and telescopes so big, we should soon be able to see the mules towing the boats on those canals.

Motto for Matanuska: "Go north, young man, and grow up with the country."

ligence and self-directed effort on Mars, it would be reasonable to assume that there is conscious life in other planets, circling around other suns, in many distant parts of this vast universe. That makes thinking men feel a little less lonely as they look at the heavens.

## CORSICANA MILITARY UNIT AT PALACIOS COMPLETES FIRING PROBLEMS OF 75'S ON RANGE

CAMP HULEN, Palacios, Texas, Aug. 18.—(Sp.)—The entire personnel of Battery D, 132nd Field Artillery have been waiting and training for are about over-firing the 75mm. guns on the range.

The Corsicana unit took the field Monday afternoon and fired problems along with Battery E, Kerens unit, with 1st Lieut. Paul Dresser as executive. Sergeants Pete McCain and Lynn Hickey were section chiefs with Corporals Bill Prewitt and Henry Nichols as gunners.

The problems were "Big T" problems fired for Major John Garner's X firing post. The 2nd Battalion, First Lieut. Bill Johnson, Battery E, Kerens, was the instructor and had charge at the observation post. During the previous week the survey details made a reconnaissance of the firing range, and an orienting line, staking out the gun positions, and figuring out data. Second Lt. Ernest Kirkland, Battery D and his detail Sergeant Eugene Cagle, Corporals Gus Gordon and Marvin Burk assisted in this work and it was very accurate as determined by actual firing.

Monday afternoon the 132nd Field Artillery of which Battery D is a part, assembled about one mile from Camp Hulen where camp was pitched, supper served and the night spent. After breakfast Tuesday morning the battery was in position at 7:00 a. m. and ready to begin firing the second day's list of problems. About 10:30 p. m. a gas demonstration showing how effective gas can be was given. Gas masks were issued a battery, smoke pots set out in front of the firing line and the battery attempted to fire. Since a very dense smoke enveloped the battery very few rounds were fired as the gunners were unable to make the proper shifts.

Battery D was due to fire for Major Garner's point Wednesday afternoon, but the unit was designated to fire airplane problems Wednesday morning. Three gun positions were taken about one mile from the Kerens unit were awakened at 4:30 a. m.; ate breakfast at 5 o'clock and got into position by 7 a. m. This was a different type of firing than the majority of the rounds of live battery work fired and therefore more interesting than usual. The airplane flies over the gun position on line with the target and when over the target zooms upward. An officer behind the guns uses an instrument to measure the altitude in miles. The air observer gives his elevation in feet, and the officer is thus able to determine the range. At one point even the battery believed it. On the first problem the range as actually fired was correct and the deflection was practically correct, being only 10 mils off. The correction was made and a target was observed. He or the officer in the plane on the second round.

Communication between the plane and the ground is by two way radio using the voice code. Morse code, voice communication is of course the fastest, 92 rounds were fired during the morning. First Lt. Paul Dresser was the battery executive; Sergeants Pete McCain, Lynn Hickey, and Corporals Bill Prewitt and Henry Nichols gunners. Other members of the firing battery were Privates Elbert Cox, Calvin Elke, Oble Mims, Fred Prewitt, Elliott Beale, Marion Perkins, Rex Moss, Nolan Hickey, Sleepy Seale, Clyde Hunter, Clarence Novak, Wilbur Wilson, Arthur Melton, Earl McCain, and Duane Finney.

The battery was in position for the last day's firing Thursday morning. After that the schedule was fast—pay day and formal retirement—retreat for Governor W. L. D. P. and Thursday afternoon. Officers' formal call on their commanding officer, Governor O'Daniel Thursday night, and final review Friday afternoon. Battery D will depart for home late Saturday morning.

## LARGE ATTENDANCE FROM CORSICANA AT ROTARY LUNCHEON

TRINIDAD POWER PLANT GROUNDS SCENE OF PICNIC BY JOHN W. CARPENTER

Nearly 40 members of the Corsicana Rotary club and other persons from Corsicana attended the luncheon meeting of the 128th district, Thursday at the Trinidad power plant of the Texas Power & Light Company as guests of John W. Carpenter, and the Dallas Rotary Club. Five hundred Rotarians from 38 Central Texas clubs heard remarks of Mr. Carpenter by John C. Calhoun, Corsicana, who responded to Mr. Carpenter's address of welcome.

The Athens club sponsor arranged Craig, Athens editor, was master of ceremonies among the speakers and other persons presented were W. P. Crews, plant superintendent; C. W. Woodruff, district director; Governor; Former Lt. Gov. Edgar Witt, Dr. L. W. Hubbard, president of TSCW, Denton; Judge Sam Holland, Athens; Lowry Martin, Corsicana; J. C. Calhoun, president of the Texas Federation of Music Clubs; Alphonso Johnson, president of the Dallas Rotary club; Robert Earl Jackson, chairman of the department of government at TSCW, Denton, and Byron Bilton, Waco entertainer.

Among those from Corsicana were C. O. Cap, Cuylog, John, Haslam, W. P. McCammon, Ed M. Polk, Sr., Ed M. Polk, Jr., Joel C. Trimble, Julius C. Jacobs, C. S. Dickens, Joe E. Butler, president of the Corsicana club; Isadore Goldberg, E. S. (Tippy) Sheets, J. N. Edens, W. D. Lamb, C. W. Taylor, C. E. McWilliams, John C. Calhoun, Sidney K. Erietz, Wilbur Wilson, Jimmy McCammon, Lowry Martin, Clyde Kimes, W. T. McElwaine, Fred Prince, Fred Harvey, Franklin Seale, Beauford H. Jester, Frank Moon, G. C. (Jake) Hudson, and others.

## Personal Mention

Of Kerens Folk  
KERENS, Aug. 18.—(Sp.)—Mrs. R. P. Walker, Mrs. Grant Westbrook, and Miss Jean Westbrook, were in Corsicana Thursday afternoon.

Mrs. Beulah Sellers of Marlow, Okla., is the guest of Mrs. Clifton Seale this week.

Howard E. Henson, a business visitor in Dallas Thursday, Mrs. K. W. Rowe has been sick at her home here since Sunday.

Mrs. Ella Dickens of Gilmer is visiting her mother Mrs. D. W. Ray and aunt, Miss Sallie Jennings.

Mr. and Mrs. Chester Ray and son Harold of Austin are spending their vacation with their mothers, Mrs. D. W. Ray and Mrs. K. W. Rowe.

Mrs. Earl Seale was in Dallas several days this week visiting her parents, Mr. and Mrs. A. Fullwood. Mrs. J. C. Walker is spending several weeks in El Paso, with her daughter, Miss Sallie, and her son, Mr. C. W. Walker.

Mrs. S. J. Jennings is in Arkansas Pass for the summer months, a guest in the home of her daughter, Mrs. James Stille. William McClure is spending the week in Duncan, Okla. Mrs. McClure has preceded him several weeks ago, and has been the guest of her parents.

Miss Shirley Henson has returned from Dawson where she was the guest of Miss Dimple Turner, daughter of Mr. and Mrs. C. C. Turner.

Miss Virginia Lowe has had as her guest, Miss Ruth Dean of Athens.

Miss Janice Blisset has returned from a visit to El Paso. Mrs. C. E. Smith and son Rouben, are spending a week in Lubbock with their son and brother Charles Smith and family.

Mrs. Wayne Short and children of Iowa Park are visiting Mrs. Short's parents, Mr. and Mrs. W. T. Simmons.

Mr. and Mrs. Clifton Seale, Kerens, and their guest Mrs. Sellers of Marlow, Okla., were Sunday guests of Mr. and Mrs. Robert Camp of Thornton.

Mrs. W. E. Ethredge has with her this week, her daughter Mrs. Clifton Horn and children of Houston.

Mr. and Mrs. Joe Dick Washburn have had as their guests, Mrs. Washburn's sister, Miss Doris Moore, and her friend, Miss Mary Lilleshaun of Beaumont. Mr. and Mrs. Harley Crawford of Houston spent their vacation with their parents, Mr. and Mrs. L. E. Crawford, Kerens.

Mrs. Grover Nicholson of Amherst are visiting Kerens relatives this week.

Maxie Ben Seale has returned from a visit with R. J. Redford, at Elgin, Okla.

Henry Horn of Corpus Christi, former Kerens resident is visiting his father W. F. Horn, and other relatives and friends.

Mr. and Mrs. Tom Willens of Palestine were guests of their son and daughter, Mr. and Mrs. Boyd Murrell and young son, Sunday.

Miss Hazel Bond is in Houston, where she is a guest of her brother and family, and will also visit in Goose Creek before returning home.

Baby Buried In Ennis Cemetery  
An infant son of Mr. and Mrs. F. L. Frazee, 701 West Fourth avenue, was buried Thursday in the Ennis cemetery. The child was a grandson of Mrs. J. E. Glenn.

Mrs. Frazee was reported resting as well as could be expected Friday.

Kerens Woman In Hospital.  
KERENS, Aug. 18.—(Sp.)—Mrs. W. M. Fuller underwent an operation at the F. and S. Hospital Wednesday, and is reported resting as well as could be expected Friday.

## Governors Split Over Change For Thanksgiving Day

NEW YORK, Aug. 18.—(P)—A majority of Americans will eat Thanksgiving dinners on the same day as President Roosevelt, a nation-wide survey showed today, but the feasting will be largely along party lines.

A poll showed 25 governors—20 Democrats and five Republicans—had decided to follow the president's example in proclaiming the holiday on Nov. 23, a week earlier than the traditional last Thursday in November.

Thirteen governors, among them ten Republicans and three Democrats, remained firm and said Thanksgiving in their states would be observed Nov. 30.

Governors of ten states were either undecided or not ready to announce their decisions.

## ROPOLLO, SUPERIOR ICE HURLER, STRUCK OUT FIFTEEN MEN

Ropollo hurled the Superior Ice men to victory over the favored American Well softballers Thursday night on the Magnolia field to win the fourth game of the ASA tournament. Ropollo struck fifteen men and allowed only four hits.

Rockwall will return to Corsicana Friday night to play an aggregation from Ennis. The game is scheduled to start at 8:45.

Ad an unusual cotton stem was exhibited at the Daily Sun office Friday noon by F. W. Spivey of the Chatfield community.

The stem contained three well-formed and developed bolls. Spivey stated he found another stem with two bolls, something he had never discovered on cotton before. Ordinary cotton has only one boll to a stem.

The cotton exhibited came from creek bottom land located near Chatfield.

New School Bus For Blooming Grove  
BLOOMING GROVE, Aug. 18.—The Blooming Grove school board this week purchased a new bus with a seating capacity of 71 students.

The local school will open the 1939-1940 session on Sept. 11.

Personal  
Mr. and Mrs. Marion Watts and son and daughter of the Emmett community were here Friday morning.

N. S. Crawford, Navarro county Democratic executive committee chairman, of Kerens, was here Friday morning.

C. O. Slaughter of Currie, county commissioner, was in Corsicana Friday afternoon.

Roger Carroll of Blooming Grove was a Corsicana visitor Saturday afternoon.

## HUMBLE SUBMITTED OPERATING COSTS IN CRUDE HEARING

BIG COMPANY BACKS ITS DEMAND FOR GREATER PRODUCTION WITH FIGURES

AUSTIN, Aug. 21.—(P)—Testimony on well operation costs of Humble Oil Company leases to back up the firm's request for a larger share of East Texas field production drew sharp cross-examination at a railroad commission hearing today.

After J. B. Davidson of Tyler, company accountant, submitted detailed figures on several leases, Sun. Joe Hill of Henderson asked:

"In making your calculations, did you take into consideration the costs of acquisition of the leases and their current sale value?"

"No," Davidson replied. "Wouldn't those figures be necessary to determine costs accurately?"

"Yes, if you wanted the exact figures on an individual lease."

Madden Hill of Dallas, former assistant attorney general and brother of Senator Hill, asked Davidson to submit work sheets on other Humble leases in the area which the accountant previously had indicated he did not think were "representative" or "typical."

Sadler, member of the commission who conducted the hearing continued from last week, indicated he did not know when it would conclude.

Davidson testified the average cost of drilling and equipping a well on the company's lease was \$10,000. Pumping equipment, he said, cost an additional \$3,500.

"Operation of a flowing well," he asserted, "costs about \$1,000 a year while a non-flowing well costs approximately \$1,600."

## Oil Fire Monday On Tidewater Lease In Navarro Sector

The Corsicana fire department was called to a Tidewater Oil Company lease at Navarro shortly before 3 o'clock Monday afternoon to put out a tank fire.

It was reported by telephone from Navarro to the Daily Sun that one or more tanks of crude oil were ignited from waste oil which was being burned. The amount of oil in the tanks or the amount of damage could not be determined immediately.

## Miss Elnora Howard Weds Allen Gudegg Saturday Afternoon

The marriage of Miss Elnora Howard, daughter of Mr. and Mrs. E. E. Howard, 1813 West First Avenue, and Allen Gudegg of Dallas, son of Mrs. Arie Gudegg of Gainesville, took place at the home of the bride's parents Saturday afternoon at one o'clock.

Rev. E. T. Miller, pastor of the First Baptist church, performed the double ring ceremony in the presence of the immediate families and a few close friends of the couple. The bride, who was given in marriage by her father, wore a navy blue crepe dress made with a tucked waist and tucked bolero jacket; her hat was navy blue trimmed with a wide band of satin ribbon caught at the front with a gold buckle. She wore a shoulder corsage of white gardenias and accessories of blue.

Miss Jane Little was the bride's only attendant. She wore a navy alpaca frock with white vestee; her hat shone with a purple veil and her shoulder corsage was pink carnations.

W. H. Jeter of Corsicana was the bridegroom's best man. The ceremony was performed before the mantel which was banked with ferns, carnations, and gladioli, and potted palms stood on either side of the fireplace.

Mrs. J. L. Elliott presided at the all-white cake at the bride's table which was laid with a white lace cloth and centered with a large bowl of white asters and feverfew.

Mrs. Clarence Pevhouse served the punch and Mrs. L. L. Howard, sister of the bride, was in charge of the bride's book.

The bridegroom's mother was an out-of-town guest.

The couple left in their car after the reception for Dallas where they took the five o'clock airplane for Chicago on a short honeymoon; on their return they will visit in the homes of their parents before returning to their future home about September 1.

The bridegroom holds a position with the Braniff Airways of Dallas.

## MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

"SUITED" FOR  
A SCHOOL MAID

PATTERN 4205

by Anne Adams

What a smart little maid from school she'll be in this clever outfit, Pattern 4205, designed by Anne Adams. First, make the dress, with its ruffled-trimmed bodice and bodice panel, all in one fabric. Then stitch up a separate blouse and skirt, in contrasting fabric—the skirt, perhaps of wool and the blouse of rayon, with, perhaps, a small round collar. With this make the simple, jaunty jacket, with its round collar and smart square pockets for every tag and age from the skirt. She can use all three pieces with other combinations to enlarge her wardrobe. A suitable suit for fall and winter.

Pattern 4205 is available in girls' sizes 6, 8, 10, 12 and 14. Size 10, dress, takes 2-3/4 yards 39 inch fabric and 1-1/2 yards ruffling, suit, 2-3/4 yards 54 inch fabric.

Pattern 4205 (15) in color for this Anne Adams pattern. Write plainly name, address and style number.

What to do Active summer days stretch far ahead and your weather wardrobe is wilted and weary. Let Anne Adams' Pattern Book help freshen up your mid-season wardrobe with page after page of quick-to-sew fashions for night and day. Lots of bright ideas for vacationists on how to look glamorous and cool. Clothes for every tag and age from slimming modes for matrons to spirited clothes for young people. Send today! Book fifteen cents. Pattern fifteen cents. Book and pattern together, twenty-five cents. Send your order to the Daily Sun Pattern Department, 243 W. 17th St., New York, N. Y.

## KERENS BATTERY HONORED UPON VISIT GOVERNOR TO CAMP HULEN WHERE IMPRESSIVE REVIEW HELD

By LIEUT. PAUL A. DRESSER  
CAMP HULEN, Palacios, Aug. 19.—Battery E, 132nd Field Artillery, Kerens National Guard unit, commanded by Capt. Hal Johnson, received the high honor of being designated over the other 17 artillery units as the "first Brigade" as the saluting battery for the arrival of the Guard's commander in chief, Gov. W. Lee O'Daniel, when he arrived at Camp Hulen from Port Lavaca on the National Guard's good ship, Eureka, at 4 o'clock Thursday afternoon, Aug. 17.

Governor O'Daniel was met at the camp pier by the 36th Division commander, General Birkhead, and as he stepped from the boat Battery E fired 18 rounds at a signal from Captain Johnson. Other officers supervising the fire were: Lieut. Bill Johnson, Second Lieut. Calvin Honeycutt, and Second Lieut. James Taylor. After firing the rounds, the Kerens unit's brand new "shave tail," the Hon. James Taylor, who is also Navarero county's representative in the Texas house of representatives, introduced the officers and men of the battery to Gov. O'Daniel. General Birkhead praised the appearance of the Navarero county unit and the manner in which they fired the 18 rounds.

Honorary Colonel Mollie O'Daniel, and Second Lieut. Pat O'Daniel, and Second Lieut. Mike O'Daniel, special aides de camp to Maj. Gen. Birkhead, joined his excellency at Port Lavaca as representatives of the division command or en route from Port Lavaca to Camp Hulen. The corps of the Texas National Guard also formed an escort of the party to the camp pier.

The governor was met at the pier by the division commander and official escort which was comprised of the three brigade commanders and their staffs and all the regimental commanders of which Col. Kenneth Bullock, former Corsicana resident and present 132nd F. A. commander, was a member of the official party.

After firing of the governor's salute by Battery E, Governor O'Daniel walked between the lines of infantrymen that lined each side of the 300-yard long pier and who acted as the official guard for the occasion.

Thursday evening Governor O'Daniel was carried through the various brigades an observed formal retreat formations and regimental parades. Thursday night the 500 officers of the National Guard made a formal call on the governor at the commanding general's quarters. All officers were introduced to him and also to Senator Tom Connally, who was also in the camp at this time.

Governor O'Daniel spoke to the Guardsmen, as did Senator Connally, and other officers of the command. Friday afternoon one of the largest reviews ever to be given any person by the Texas National Guard was held. Every available man present for duty either marched or rode in the parade. Every vehicle in the service of the guard also passed in review in perfect formations.

Officers from Navarero county attending the reception of the governor were: Maj. John Garner, 132nd F. A., 2nd Battalion Commander; Capt. Louis Molloy, executive officer, 2nd Battalion; Capt. Hal Johnson, First Lieut. Bill Johnson and Second Lieut. Calvin Honeycutt and James E. Taylor of Battery E, Kerens; Capt. Festus Pierce and First Lieut. Don Newcomb, Regimental Headquarters Battery, Corsicana; Capt. Randolph Robinson, First Lieut. Paul Dresser and Second Lieut. Ernest Kirkland, Battery D, Corsicana; and Capt. Charles J. Davis, Corsicana.

During the speech of the governor, several formations of the guards air corps flew over the division headquarters and dropped many different colored flares which lit the skies up for miles around. Following the speeches, a machine gun tracer bullet demonstration was given and two or three guns were manned by the governor's sons, Pat and Mike.

Personal Mention  
Of Wortham Folk  
And Their Guests

WORTHAM, Aug. 19.—(Spl.)—Dr. and Mrs. J. M. Kuykendall and their family, who are here on a short vacation, were the guests of the following: Miss Lucy Donovan, Miss Minnie Donovan and C. M. Donovan. They were en route to Carthage. Mrs. Kuykendall accompanied them to Carthage to visit her father and other relatives.

Mr. and Mrs. Charles Bounds have as their house guests, Mrs. Bounds and Mr. and Mrs. E. J. Kipp and little son, Don, and little Miss Jean Murphy of Corsicana.

Mrs. Ernest Haynes and little son, Bobbie, of Houston, visited in Wortham a few hours Friday. She was en route home from Fort Worth, where she visited her parents, Mr. and Mrs. F. B. Wood. Mrs. Haynes was before her marriage, Miss Isabel Wood, and for years lived with her parents here, where the Wood family have many friends.

Uel Davis, Jr., of Monahan, where he is employed by an oil company, is here visiting his parents, Mr. and Mrs. Uel Davis. Uel will leave in a few days for Hobbs, N. M., where he has been transferred.

Mr. and Mrs. Van Hook Stubbs, and little son, James Eugene, have returned home from several days visit in Fort Worth, where they were the guests of Mr. and Mrs. Bill Tucker and family.

Mr. and Mrs. Jake Stubbs of Mexia visited their father, H. B. Stubbs, Wednesday evening.

Mr. and Mrs. Henry Meador returned Monday from Woodboro, where they visited their daughter, Mr. and Mrs. H. L. Weant. They also visited in Corpus Christi, San Antonio and Dilley. The latter town guests in Mr. Meador's sister's home, Mr. and Mrs. L. M. Allen.

Mrs. Bonner Meador, who was visiting her daughter in Dilley, accompanied them home.

Mr. and Mrs. J. A. Freeman and daughters spent a few days in Marlin.

Mr. and Mrs. Ross Evans and

## TIRES RECOVERED IN RAID HERE; TWO MEN TAKEN GREENVILLE

Two men were arrested and carried to Greenville late Friday afternoon by Hunt county officers following the reported recovery of seven tires, tubes and wheels in Corsicana in a raid conducted by Hunt county officers, Corsicana police, a National Auto Theft Bureau operative and a Texas ranger. It was not known here what charges are to be filed in the case.

Those officers reported participating in the raid were Sheriff Frank Wolfe, Greenville; Deputy Sheriff Duff, Greenville; Mr. Cormley of the Auto Theft Bureau; Texas Ranger Padgett of Dallas; City Detective M. S. Griffin and Deputy Sheriff Jeff Spencer.

The exemption for workers in the slaughtering category, the administration ruled, will extend to those in all operations generally performed in connection with that work but not to workers who feed livestock or poultry in the yards.

Moreover, it will not extend to workers in livestock and poultry products, so that the manufacturing, curing, smoking, grading, refrigerating and packing of meat products are not exempted activities.

Where the act exempts the raising of livestock, the bulletin defined this as the "breeding, fattening, feeding (on the farm) and general care" of cattle, sheep, horses, mules, jackasses or goats.

The bulletin listed among exempted dairying activities the milking of cows or goats, cooling and storing the milk, separating the cream, bottling, and making butter or cheese.

PALESTINE, Aug. 21.—The last gap in an all-weather road between Palestine and Corsicana, over Highway No. 22 will soon be completed. The Texas highway department will let the contract September 1 for asphalt surfacing of 2-1/2 miles of the road between Cayuga and the new concrete bridge west of the town and spanning the Trinity river.

West of the river, in Freestone and Navarero counties, the road has already been topped with asphaltic oil.

Last Gap In Hiway  
Corsicana-Palestine  
Be Filled In Soon

## SCHOOL OPENED FOR TRAINING OF MANY WAGE-HOUR OFFICERS

AGRICULTURAL EXEMPTIONS  
FROM FAIR LABOR STANDARDS EXPLAINED

WASHINGTON, Aug. 21.—(P)—The wage-hour administration today opened a school for the first of some 300 new inspectors whom Major Arthur L. Fletcher said he expected to be "hard-boiled diplomats."

In advance of the classes the administration clarified agricultural exemptions from the fair labor standards act with a bulletin defining such terms as "slaughtering," "dairying," and "processing of fruits."

The exemption for workers in the slaughtering category, the administration ruled, will extend to those in all operations generally performed in connection with that work but not to workers who feed livestock or poultry in the yards.

Moreover, it will not extend to workers in livestock and poultry products, so that the manufacturing, curing, smoking, grading, refrigerating and packing of meat products are not exempted activities.

Where the act exempts the raising of livestock, the bulletin defined this as the "breeding, fattening, feeding (on the farm) and general care" of cattle, sheep, horses, mules, jackasses or goats.

The bulletin listed among exempted dairying activities the milking of cows or goats, cooling and storing the milk, separating the cream, bottling, and making butter or cheese.

A farmer's secretary, bookkeeper or night watchman is exempt, as are employees of farms operated experimentally by favorites.

However, the hulling, shelling, cracking or grinding of whole grains, including the milling of flour, and the stemming, redrying and fermenting of tobacco are exempted activities. Wine making, leather manufacture, baking, ropemaking and cigar-making are not exempt.

Trading Is Resumed  
Ft. Worth Stockyards

FORT WORTH, Aug. 21.—(P)—Trading was resumed on the livestock market here today as the three-day strike of livestock handlers of the Fort Worth Stockyards Company, all members of United Livestock Handlers local, CIO affiliate, ended.

Union and company officials this afternoon planned to sign a contract containing terms agreed upon Saturday and unanimously accepted by union members.

"Preferential hiring" was agreed upon rather than a "closed shop," Kenneth Burton, chairman of the bargaining committee of the union, announced. Union demands for a 10 per cent wage increase and the check-off system were dropped.

Processors of fresh fruits and vegetables are exempt, but in the case of tomatoes, this covers only the growers and handlers—not the canners.

"Although nuts may be fruit, they are not fresh fruits even when newly picked," the bulletin said so those who handle them have no exemptions.

However, the hulling, shelling, cracking or grinding of whole grains, including the milling of flour, and the stemming, redrying and fermenting of tobacco are exempted activities. Wine making, leather manufacture, baking, ropemaking and cigar-making are not exempt.

## OIL INDUSTRY IS APPARENTLY READY AWAIT CLOSEIN END

TULSA, Okla., Aug. 21.—(P)—The oil industry apparently settled down today to await the end of the six-state crude oil production shutdown.

The shutdown was tightened in North Texas stripper wells, and Oklahoma, Kansas and New Mexico, apparently were observing strict policy.

The gasoline market continued strong, with many quarters predicting a continued rise in prices at the refinery.

There was no change over the week end in the crude oil price situation. Many refiners were reported running low on supplies and some were said to be curtailing plant operations and making only sufficient gasoline to care for necessary requirements.

So far, no instances had been reported of premiums being paid for crude. Crude purchased from storage is on a contract basis and while concessions may be granted by buyers in price, none so far, had been made public.

Clothes Line And  
Hit-Run Driver Are  
Fatal Dallasites

DALLAS, Aug. 21.—(P)—Grabbing a clothesline to break his fall when he slipped cost Joe H. Bowen, 45, his life.

The clothesline had dropped across a "hot" electric line, insulation on which had been rubbed

off. Firemen failed to revive him with an inhalator.

DALLAS, Aug. 1.—(P)—Clyde Floyd, 19, dairy hand of near Mesquite, was killed by a hit-run driver as he walked along a highway near his home today.

KAUFMAN, Aug. 21.—(P)—District Judge G. O. Crisp today overruled a defense motion for a change

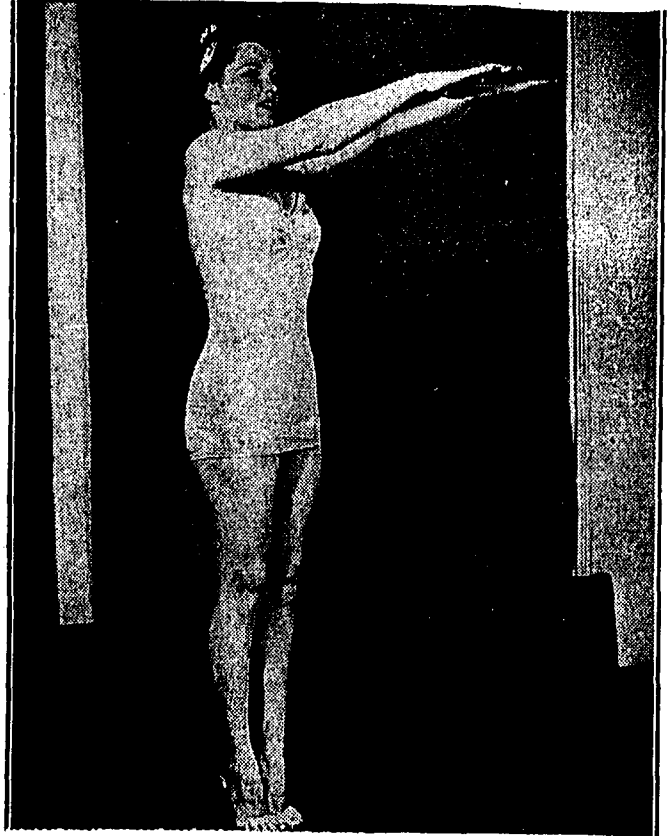

## HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY  
By VERONICA DENGEL

## STRENGTHENING THE ARCHES

Could you balance on your toes like this long enough for someone to get a clear cut photograph of you? If you can, then your body and posture are well-balanced. It is the same position taken by divers before making difficult dives for the purpose of balancing their bodies perfectly—and then their timing in the dive will be quite perfect. This position is an excellent exercise for the feet, too. When rising to the toes be sure to throw the weight on the outside of the foot rather than to turn the arch in and carry the weight there. By keeping the weight on the outside there is no

Raise and lower the feet several times quite slowly

chest up—and chin up. Stretch the arms far forward so that they seem to pull away from the spine. Now relax, and repeat again. This can be done in just a few moments in your office to freshen you up when that little fatigue spell overtakes you.

All requests for personal "Health, Beauty and Poise" information desired by Veronica Dengel's column, followers must be accompanied by a full address, stamped envelope (a.s.e.). Address: Veronica Dengel, in care of this newspaper.

## LOWRY MARTIN WILL BE HONORED TUESDAY ADVERTISING CLUBS

### UNVEILING OF MONUMENT SCHEDULED IN APPRECIATION OF SERVICES

Representatives of advertising clubs of Texas and officials of the Tenth District, Advertising Federation of America, will unite with members of the three Corsicana service clubs, city and county officials and others next Tuesday at a luncheon at the senior high school cafeteria with Lowry Martin as guest of honor for the occasion.

Immediately following the luncheon, the granite monument erected by the advertising clubs of the state now located on the school campus will be unveiled. All arrangements for the meeting were reported completed Saturday morning by W. P. McCammon, chairman of local arrangements for the event.

Announces Program. Chairman McCammon will preside over the first portion of the meeting and announced the following program.

Song—"America," led by Dr. J. Wilson David.

Invocation.

Accord solo—Mrs. L. A. Wortham.

Vocal solo—Mrs. Joel Trimble; Miss Winkle Pierce, accompanist.

Introduction of Governor Leroy Swartzkopf, of the Tenth District, Advertising Federation of America, San Antonio, program chairman.

Introduction of out-of-town guests—Governor Swartzkopf, Mayor of Otto Bruck, Dallas, who will introduce the speaker of the day.

Introduction of William Brockhausen, San Antonio, past governor of the Tenth District, dedicatory speaker.

Announcements—Chairman McCammon.

Adjournment to school campus for unveiling.

Musical numbers—Corsicana High School Band.

Presentation of Monument to Corsicana—Governor Swartzkopf.

Acceptance of monument in behalf of Corsicana—Judge C. W. Taylor.

"The Eyes of Texas"—Corsicana High School Band.

Final adjournment.

Committee Named.

The following committees were also announced in connection with the ceremonies.

Directors include the following: Austin, C. M. Bishop; Beaumont, C. B. Holland; Dallas, T. L. Jagers, D. B. Kennedy, S. H. Dunbar, Fort Worth, C. W. Taylor, T. L. Yates; Houston, R. B. Bright, R. W. Dundas, Michael Murphy, Garland Roark; New Orleans, A. J. Jarrell; Oklahoma City, Paul Hohelsel; San Antonio, William Brockhausen; Shreveport, Earl Beseler; Tulsa, Ben Jumper, M. C. Shipley; Tyler, Ronald L. Simms; Wichita Falls, S. L. Teare.

The luncheon will be served by the members of the Tenth District, Advertising Federation of America, under the direction and supervision of Mrs. C. A. Vaughan.

Many To Attend.

Reports have been received already that a large group of advertising men and others from Dallas will attend the meeting, and other groups will be present from San Antonio, Houston, Tyler, Fort Worth and other points.

The inscription on the monument reads:

HONORING LOWRY MARTIN IN APPRECIATION OF HIS LIFE-LONG DEVOTION AND UNSELFISH EFFORTS IN BEHALF OF THE HIGHEST STANDARDS IN ADVERTISING AND PUBLIC RELATIONS IN THE STATE OF TEXAS.

ERECTED 1939 BY THE ADVERTISING CLUBS OF TEXAS.

For more than a quarter of a century, Lowry Martin, business manager of the Sun-Light papers of Corsicana, has been actively engaged in advertising and press association activities outside the bounds of his home community.

His chief aim has been to sell Texas on their own state and to sell Texas to the world and his friends credit his inspiration, energy, and activities to such an extent that the state has secured more recognition for the state than any other individual.

Although a newspaper publisher and primarily interested in this medium, he has always recognized that a large group of advertising men and others from Dallas will attend the meeting, and other groups will be present from San Antonio, Houston, Tyler, Fort Worth and other points.

## MONUMENT TO BE UNVEILED ON TUESDAY

HONORING LOWRY MARTIN IN APPRECIATION OF HIS LIFE-LONG DEVOTION AND UNSELFISH EFFORTS IN BEHALF OF THE HIGHEST STANDARDS IN ADVERTISING AND PUBLIC RELATIONS IN THE STATE OF TEXAS. ERECTED 1939 BY THE ADVERTISING CLUBS OF TEXAS.

Speaker

In recognition of more than a quarter of a century of service in advertising and press association activities, members of the advertising clubs of Texas have erected a monument to Lowry Martin (left) Corsicana newspaper publisher. The monument is of pink Texas granite, and measures 40x30x20 inches with the inscription plate securely fastened to the face. It is located on an elevated triangular plot between the main walkways on the northeast corner of the high school campus near the intersection of West Fifth avenue and North Eighteenth street.

Governor

## INVESTMENT EXPERT DECLARES FINANCIAL LEADERSHIP NEEDED

### WARNS UNITED STATES MAY BE HEADED FOR WORST DEPRESSION IN HISTORY

BURLINGTON, Vt., Aug. 19.—(P)—A warning that the United States was heading toward the worst depression in its history unless "competent financial leadership is developed" was voiced today by Douglas W. Clinch, New York investment expert.

Speaking before industrial and agricultural leaders at an economic conference, Clinch linked his forecast with the question of leadership in the next presidential campaign.

Urging release of the nation's frozen gold assets, he said:

"It is useless for us to expect leadership in the international financial situation to come from Europe. Great Britain and all of Europe have gone as far as they can."

"The present situation is utterly ridiculous," he continued. "We sit back and hold out for more gold than we could possibly need for the expansion of credit or for any purpose, while other commodity prices are falling low."

"The United States is at present in exactly the position of an over-capitalized bank."

In the belief that a more equitable distribution of gold would be beneficial to the United States, Clinch urged the General Motors Export Corporation to recommend that more goods be imported and paid for with gold.

This, he said last night at a meeting of agricultural and industrial leaders discussing ways and bringing about a balanced price level to insure farmers better prices for their products, would increase the standard of living in this country.

Prices Should Be Higher

JACKSON, Miss., Aug. 19.—(P)—Oscar Johnston, president of the National Cotton Council, said here that from "an economic standpoint, prices of fats and oils should be higher than last year."

He made his remarks in discussing before a state cotton council rally a 40 per cent drop in cottonseed prices in recent weeks, blamed "jitters and panic" as partial reasons for the price drop.

"Panic" came, he said, when it was noted that the supply of fat this year was larger than usual because of heavy corn production and resulting heavy hog production. And, too, soybean crops and oil increased materially.

"These increases can be expected to disappear in the new export markets, however, the cotton council president said."

At the same time Railroad Commissioner Jerry Sadler told Harold I. Ickes, Federal Secretary of the Interior, today his "dominant" interference in the present (oil crisis) situation is completely, wholly and entirely uncalled for.
